Looking for a dentist in the network, go to BCBSTX Provider Finder® at bcbstx.com, and Select BlueCare Dental: select BlueCare Dental for lower out-of-pocket cost and to access the national BCBSTX dental network. You have the choice of selecting an out-of-network provider, however, this choice will yield a higher out-of-pocket cost.

## BlueCare Dentist

- Select a dentist from the BlueCare dental network.
- Your out-of-pocket cost will generally be the least amount because BlueCare dentists have contracted to accept a lower allowable amount as payment in full for eligible dental expenses.
- You are not required to file a claim.
- You are not balance-billed for cost exceeding the BCBS allowable amount.

## Non-Contracting Dentist

- Your out-of-pocket cost may be greater because non-contracting dentists have not entered into a contract with BCBS to accept allowable amount as payment in full for eligible dental expenses.
- You are required to file a claim.
- You are balance-billed for cost exceeding the BCBS allowable amount.
